

## CITY PROGRESS REPORT

VOLUME 5, ISSUE 3 NOVEMBER, 2006

### Message from the Mayor:

Dear Neighbors,

The summer is over and the visitation has started to subside. This summer and early fall we had a great tourism year. Ruidoso Downs Race Track and Casino did well over the racing season and the Aspencade Motorcycle Rally hit an all-time high in visitation with over 37,000 motorcyclists. What this translates to the citizens of Ruidoso Downs is higher revenue from retail sales and lodger's tax. In addition, the state has apparently corrected the errors it was making in our distribution checks and revenues are again on the rise. This means that the City will have more money available to install water and sewer lines, reconstruct streets, and improve the All-American Park.

Due to our last two and a half months of wet weather in Ruidoso Downs, the City public works department was been unable to resurface very many streets in the City. This spring, however, we will proceed with the resurfacing of eight streets and the complete reconstruction of Burke Lane and Thompson Drive, which will begin construction this month.

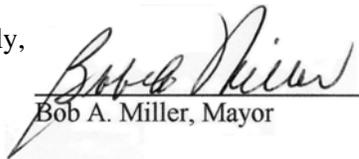

We have completed several new projects over the past year. Our new one million gallon Spring Water Tank really helped get us through the busy tourist season. Miriam Drive now has sewer service and Wood Lane is scheduled later this winter. Our new water supply well has been drilled and will be equipped later this month.

Those of you on Burke and Thompson need to be careful this month, as construction crews will be hard at work building new roads. Central, Parnell, Parker, Miriam and Nevada will see new chip seal surfaces on your streets this spring. As always, there is never a shortage of work to do here in the Downs.

As many of you know, our Wastewater Treatment Plant (jointly owned by the City of Ruidoso Downs and Village of Ruidoso) is under a federal order to upgrade at the estimated cost in excess of \$35 million. The state and federal government have placed the most stringent phosphorus and nitrogen limits in the country on our operating permit. Subsequently, the Wastewater Plant has been in violation of one of these new limits since January of 2004. As a large share of the pollution in the river comes from the wastewater plant that we use to treat and discharge our sewage, it is our responsibility as citizens to help fix the problem in the river for us and our children. This December, the City will hold an election to approve a general obligation (GO) bond for \$1.4 million to help make required upgrades to the Wastewater Treatment Plant. The GO Bond will be paid for with property tax, rather than revenues from your monthly water/sewer bill. The City Council has discovered that this property taxing mechanism would cost the citizens less per year and would guaranty a better interest rate on our funds. This way we get the biggest “bang for our bucks”. These funds, together with grant funds, will allow the City and Village to upgrade the plant without further utility rate increases to Ruidoso Downs’ residents to pay for the construction. If passed by you, the citizens of Ruidoso Downs on December 12<sup>th</sup>, the funds will help us clean up our river, which is a resource worth saving. Please support your City and help upgrade our Wastewater Treatment Plant. Please vote **YES** on December 12, 2006.

If you get the time to run by City Hall, stop in and say “Hi” to the City staff. Of course, you are welcome anytime to stop by my office at City Hall. If you hear something about City government that you disagree with or want to know more about, come on in and talk about it. The staff and I are here to serve you, please feel free to contact City Hall, and we will do our best to help you. Over the next several years, the City will be working hard to improve your City. If you are interested in serving on any City boards or committees, please stop by my office. Your City government needs its citizens.

Yours truly,

Bob A. Miller, Mayor

## Current Issues:

### City Hires New Public Safety Director

*By John Waters*

Last month, the City hired Alfred “Al” Ortiz as the new Public Safety Director. Mr. Ortiz comes to us from the City of Premont, TX (pop. ~3,000). Mr. Ortiz grew up in El Paso, TX and graduated from Irvin High School. He has many years of experience in public safety and holds a Master Peace Officer certification in the state of Texas. He also holds an Associates Degree in Criminal Justice and a Bachelor’s Degree in Education. Mr. Ortiz served nine years as a Texas State Trooper, served as the chief of police for the El Paso and Corpus Christi Independent School Districts and as Chief of the City of Premont, Texas.

### Meet Chief Ortiz...

Greetings!

My name is Alfred C. Ortiz, the newly appointed Director of Public Safety. I am honored and privileged to be appointed to serve the citizens of the City of Ruidoso Downs.

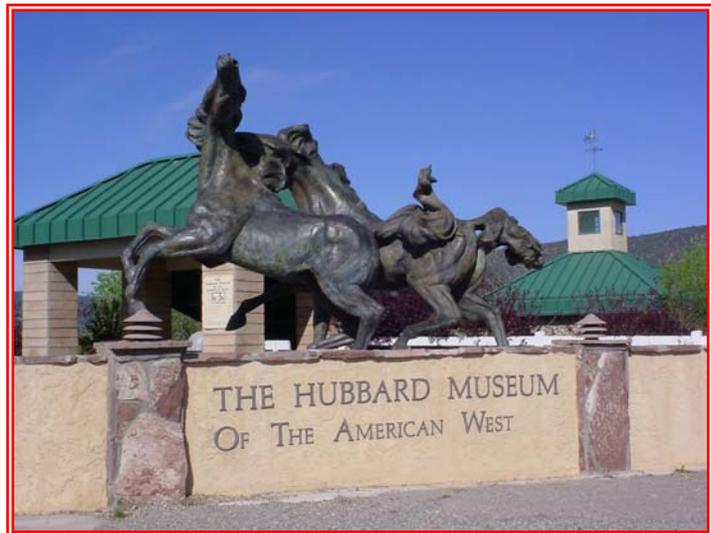

With almost thirty years of law enforcement and public safety experience I hope to provide a level of service, trust and integrity that our community can be proud of. My goals include the protection of all of our citizens' rights and properties as well as enforcing the laws of this state and city that we are sworn to uphold. This will be accomplished by treating all citizens fairly and providing enhanced training to all staff and personnel in areas of public relations and community policing concepts. These concepts will include: Better communication with the public, enhanced patrol visibility, Neighborhood Watch Program, Fire and Safety Programs, Crime-stoppers, youth programs and community involvement.

Citizens are encouraged to report any suspicious activity or crimes to the police department immediately. In addition, I invite all the citizens of our community to call or come by our office to meet our professional staff for assistance or comments about our service. I look forward to meeting you and making the City of Ruidoso Downs a safe community.

*-Al Ortiz*

### Good Year for Hubbard Museum of the American West By Jay Smith, City Museum Director

We have had a terrific year to date at the Hubbard Museum! Our attendance is up by nearly 15% over last year, and we have made appropriate administrative changes that have allowed us to balance the budget. We are working on a number of projects for 2007 that will further allow us to improve our services – including improvements to the outdoor parking area that will bring future outdoor programs to the Hubbard Museum. In 2007, we will be producing several new exhibits including one that involves a prominent Hollywood executive and a recent western film that will entertain as well as educate our audience. Watch for an announcement of this exhibit in January!

We continue to offer a special "Citizens Day" every Sunday for the residents of Ruidoso Downs. Residents will have to present a valid driver's license noting their residency in the Downs, or their Ruidoso Downs water bill to gain free admission to the Museum. A parent or guardian should accompany children upon their first visit to prove residency. Additionally, we will issue a special entrance card to each Ruidoso Downs resident that utilizes the free day and you will merely have to your personal pass upon future use.

In my estimation, museums are wise investments for communities. They help expand the cultural life of a community, and assist in driving the economic train of tourism. How you ask? Well, we bring business to the hotels and restaurants in Ruidoso Downs, and many of our visitors stop at the convenience store for gas and supplies. We have attracted statewide conferences and meetings to our venue – and people are continually amazed by the quality of the facilities and the ambiance of the Museum. We are, in many ways, the most public of ambassadors for the City of Ruidoso Downs, and we are proud to work for and support the City and its citizens.

# Current and Completed City Projects:

by John Waters

Listed below are current City projects, brief descriptions, status, costs, and funding source:

## Water Projects

1. **Highway 70 Water Main Improvements;** reinstallation of almost 5,000 linear feet of 6" water pipeline along Highway 70, most of which was destroyed during the highway construction project three years ago; project was **COMPLETED IN JUNE OF 2002**; Final Cost \$164,260; Water & Sewer Improvement Fund, General Fund (GRT), & State Special Appropriations Grant.
2. **Denton Well Improvements;** Construction of New Denton Well to supplement and if necessary, replace spring. Cost: \$86,000. Funding Sources: Local Water & Sewer Improvement Fund (\$86,000). **CONSTRUCTION OF NEW DENTON WELL COMPLETED, NOVEMBER 2004.**
3. **Emergency Water System Improvements- Phase B-1;** Replacement of 15,000 linear feet of leaking, undersized water lines and installation of new pressure reducing stations and fire hydrants; **CONSTRUCTION COMPLETED IN DECEMBER, 2004.** This first half of project costs \$742,000; Funding Sources: Local Water & Sewer Improvement Fund (\$175,000), State Special Appropriations Grant (\$75,000), and CDBG (\$500,000).
4. **Emergency Water System Improvements- Phase B-2;** New installation of 12" water line along US 70, construction of transmission line from new Riverside Well to Redman Water Storage Tank. Replacement and new construction of 14,000 linear feet of leaking, undersized water lines and installation of new fire hydrants and valves; **CONSTRUCTION SCHEDULED FOR LATE SUMMER, 2006.** City was awarded a 2005 CDBG grant for \$500,000. This second half of project costs \$550,000; Funding Sources: Local Water & Sewer Improvement Fund (\$50,000) and CDBG (\$500,000).
5. **Emergency Water System Improvements- Phase C;** Construction of New 1 Million Gallon water storage reservoir (tank). Project Cost \$650,000. Funding Sources: Local Water & Sewer Improvement Fund (\$300,000), State Special Appropriations Grant (\$350,000). **PROJECT COMPLETED MAY 2006 (SEE PHOTO AT RIGHT)!**
6. **Redman Reservoir Renovation;** raising reservoir and adding 250,000 gallons of storage, inspection and interior coating of reservoir to stop leaks; Funding assistance currently being sought. **RENOVATION WORK SCHEDULED TO START IN 2007;** Projected Cost: \$200,000. Funding Sources: Water & Sewer Improvement Fund (\$100,000), State Grant (\$100,000).
7. **New Riverside Well Improvement;** Drilling and construction of new Riverside Well to supplement and if necessary, replace spring. Construction of chlorination facility and well house. Projected cost: \$1 million. Design services complete and **DRILLING SUCCESSFULLY COMPLETED IN LATE AUGUST 2006, WELL HOUSE AND CHLORINATOR CONSTRUCTION TO BEGIN IN EARLY SPRING 2007**

## Wastewater Projects

8. **East Circle Sewer Extension;** extension of sewer system to 41 homes on East Circle Drive and asphalt overlay; **COMPLETED IN MAY OF 2003**; Cost \$300,000; Funding Sources: Water & Sewer Improvement Fund (\$100,000), General Fund (GRT) (\$150,000) & State Special Appropriations Grant (\$50,000).

9. **East Highway 70 Sewer Line Extension;** extension of sewer system to homes and businesses on East Highway 70; **CONSTRUCTION COMPLETED JANUARY 2005**; Funding Sources: Water & Sewer Improvement Fund (\$100,000) and State Grant (\$100,000)

10. **Miriam Drive Sewer Line Extension;** Construction of 1,500 linear feet of sewer line and installation of four manholes along Miriam Drive (see photo at right). Total project cost: \$169,000. Funding Sources: 2005 Legislative Grant (\$124,000), Ruidoso Downs Race Track Donation (\$45,000). After delays attributed to archaeological resources in the area, the **PROJECT COMPLETED JULY 2006 (PHOTO AT RIGHT)!**

11. **Wood Lane Sewer Line Extension Phase I;** Construction of 3,500 linear feet of sewer line and installation of associated manholes along Wood Lane and Juniper Court. Total Projected Cost: \$450,000. Phase one \$175,000. Funding Sources: 2005 Legislative Grant (\$94,000), Private Funding (\$54,000). Easement acquisition and design underway. **PROJECT CONSTRUCTION TO BEGIN IN WINTER 2006.**

12. **Griffith Drive Sewer Line Extension Phase I;** Construction of 2,500 linear feet of sewer line and installation of associated manholes along Parkway Lane and Griffith Drive. Total Project Cost: \$300,000. Phase 1: \$150,000. Funding Sources: 2006 Legislative Grant (\$100,000), City Water & Sewer Improvement Fund (\$50,000). Easement acquisition and design underway. **PROJECT CONSTRUCTION TO BEGIN IN SUMMER 2007.**

13. **Joint Regional Wastewater Plant Upgrade;** Project will involve completely upgrading the existing 28 year old wastewater plant to bring it up to compliance with new state and federal environmental requirements. Total estimated project cost: \$35,000,000. Projected funding sources: Village of Ruidoso G.O. Bond/ Sewer Bill Revenues, City of Ruidoso Downs G.O. Bond (if passed by public on December 12, 2006), Federal and State Grant Funds. **PROJECT DESIGN UNDERWAY, CONSTRUCTION TO BEGIN AS EARLY AS WINTER 2007.**

### ***Parks and Recreation Projects***

14. **Heights Park Construction;** construction of small neighborhood park on Heights Drive; **CONSTRUCTION COMPLETED IN AUGUST, 2002** ; Cost \$24,000; Funding Source: State Cigarette Tax Recreation Fund (\$24,000).

15. **All-American Park Skateboard Facility;** construction of approximately 5,000 sq. feet skateboard facility; **PROJECT COMPLETED AUGUST, 2004.** Cost: \$65,000; Funding Source: Local Non-Promotional Lodger's Tax Proceeds.

16. **All-American Park Pedestrian Walkway;** construction of approximately 2,500 feet of walkway around the All-American Park and Senior Recreation Center; **ASPHALT PORTION (75% OF TOTAL TRAIL LENGTH) COMPLETE,** Concrete portion construction will start in Winter, 2006-7. Projected Cost: \$68,000; Proposed Funding Sources: Local Non-Promotional Lodger's Tax Proceeds (\$68,000).

## *Street & Drainage Projects*

17. **Allison Lane Reconstruction;** reconstruction and widening of Allison Lane from Reservoir Drive to Spring Drive- Includes curb and gutters, new water line, asphalt overlay, and proper drainage; **CONSTRUCTION COMPLETED, DECEMBER, 2003.** Funding Sources: Local Gas Tax Proceeds & General Fund (\$63,000) and New Mexico State Highway & Transportation Department Cooperative Grant (\$48,705).
18. **Turkey Canyon Lane Reconstruction Phase I;** reconstruction and widening of 500 linear feet of Turkey Canyon Lane from Reservoir Drive to Second Drive- includes curb and gutters, asphalt overlay, and proper drainage; **COMPLETED IN DECEMBER, 2003.** Funding Sources: Local Gas Tax Proceeds & General Fund (\$60,000) and New Mexico State Highway & Transportation Department Cooperative Grant (\$55,000).
19. **Turkey Canyon Lane Reconstruction Phase II;** reconstruction and widening of 1200 linear feet of Turkey Canyon Lane from Hill Drive to end of completed Phase I- will include curb and gutters, asphalt overlay, and proper drainage; **CONSTRUCTION COMPLETED NOVEMBER 2005!** Funding Sources: Local Gas Tax Proceeds & General Fund (\$65,000) and New Mexico State Highway & Transportation Department Cooperative Grant (\$49,000).
20. **Drainage System Improvements- Phase 1 River Park Addition;** construction of drainage and street improvements in River Park Subdivision; Some fencing still to be installed in late summer. **PROJECT COMPLETED FEBRUARY 2006 !;** Projected cost \$640,000; Funding Sources: Local General Fund (\$140,000) & CDBG (\$500,000).
21. **Burke Dr. & Thompson Lane Construction Phases I & II;** Construction and widening of 1200 linear feet of Burke Lane- will include curb and gutters, asphalt overlay, and proper drainage; Projected cost: (\$220,000). Funding Sources: Local Gas Tax Proceeds & General Fund (\$90,000) and New Mexico State Highway & Transportation Department Cooperative Grant (\$130,000). **DESIGN UNDERWAY. PROJECT CONSTRUCTION TO BEGIN FEBRUARY.**
22. **Parker Road Bridge;** Construction of New Bridge to replace current unsafe Parker Drive Bridge. Projected Cost: \$300,000. Funding Sources: Local Funds (\$41,000). Applied for State and Federal Transportation Grants totaling (\$259,000). Grant funding was turned down by the state legislature in 2006. We are resubmitting for 2007. If Governor's Grip 2 Program is approved by the legislature, project will begin in 2007. **IF FUNDED, PROJECT WILL BEGIN IN WINTER 2007.**
23. **Highway 70 Sidewalk Construction;** Construction of about 3,500 feet of sidewalk and curbing along the north and south sides of US Highway 70 from Wal-Mart to Zia Natural Gas. This will link the shopping and hotel districts of town with the residential districts and the tourist attractions in the City. Total cost: \$250,000. Funding Sources: NM DOT STIP Enhancement Grant (\$250,000). **PROJECT FUNDING ACQUIRED FROM STATE, CONSTRUCTION TO BEGIN IN LATE SPRING 2007**

## Upcoming Events & Notices

### Beautification Committee

Anyone interested in volunteering their time to work with the new Ruidoso Downs Beautification committee and Keep Ruidoso Downs Beautiful should contact Judy Miller at 378-4823 or City Hall at 378-4422. This program's goal is to beautify our City by organizing Clean-up Day Events and making recommendations to the City for future beautification projects.

Lincoln County Solid Waste Authority News:

Furniture &Appliance and Yard Waste Pick-up Schedules

The LCSWA wants to remind all Ruidoso Downs Residents that curbside pickup of yard waste will occur throughout town on the week of Nov. 20, 2006 (weather permitting). During the yard waste pick-ups, please follow these simple instructions: If you have a pile of limbs (limbs can be no longer than 6" diameter and 6 feet in length) or pine needles lying around, place your pile along the side of the street in front of your house (away from overhead power lines) on the Sunday before each week and they will pick it up with their grappler truck.

Regular Trash Pick-up

Please place all of your household trash into your poly-cart container. If you have more trash than one (1) poly-cart will hold, please contact LCSWA to request an additional poly-cart. Additionally, please do not place yard waste, wood products, dirt, rocks, fireplace ashes, toxic, extremely heavy or hazardous waste, in the poly-cart. Contact LCSWA if you have of this type of waste for disposal. Please call LCSWA Director, Debra Ingle (378-4697), for more information or to schedule a FREE removal of inoperative vehicles from your city residence.

## Planning for the Future:

The City of Ruidoso Downs has completed its Water Resource/Distribution Master Plans, Sewer and Comprehensive City Master Plan, and a Drainage System Master Plan. These plans are available for review at City Hall, 122 Downs Drive or call 378-4422 for more information. If your neighborhood or house does not have access to sewer, please notify City Hall. Agua Fria Subdivision, Wood Lane Area, and North Parker Road currently do not have sanitary sewer service. Plans are being made to ensure that all *residents* have access to City Sanitary Sewer. The areas which are to be placed on the waiting list for infrastructure improvements such as sanitary sewer and street improvements must be within the City Limits. Look for upcoming public meeting notices if you are interested or wish to comment on these items.

## City Meeting Schedule:

(Times and Dates of meetings are Subject to Change. Please Contact the City Clerk's office for up-to-date information at 378-4422)

- City Council Regular Meetings 2<sup>nd</sup> & 4<sup>th</sup> Mondays of each month at 5:30 P.M. at City Hall (122 Downs Drive) (No Council meeting on 12-25-06)
- Planning & Zoning Committee meets on 1<sup>st</sup> Tuesday of each month at 5:30 P.M. (122 Downs Drive)
- Beautification Committee meets on 2<sup>nd</sup> Wednesday of each month at 4:00 P.M. (122 Downs Drive)
- Parks & Recreation Committee meets on 2<sup>nd</sup> Thursday of each month at 5:30 P.M. (122 Downs Drive)
- Economic Development Board meets on the 1<sup>st</sup> Thursday of each month at 5:30 P.M. at City Hall (122 Downs Drive)
